Dear Mr. Johannis:

The CALFED Bay-Delta Program is beginning to prepare a Programmatic EIR/EIS. To save time and money, we would like to use information in the affected environment technical appendices of the Central Valley Project Improvement Act Programmatic Environmental Impact Statement (CVPIA PEIS). We recognize that the technical appendices for the CVPIA PEIS have not been published for public review.

I would appreciate your advising Montgomery Watson that they may provide us with the electronic versions of the most current as well as any future versions of the CVPIA PEIS affected environment technical appendices.

Thank you for your help.

Sincerely,

Rick Breitenbach  
CALFED Bay-Delta Program
